

## WHY DO I RECOMMEND MOORMAN'S® SHOWTEC® FEEDS TO MY CUSTOMERS?

**Sydney Cain**  
Reserve Grand  
Champion Purebred  
Barrow and  
Champion Hampshire  
Barrow  
2012 NJSA  
Southeast Regional

"With MoorMan's ShowTec Prestarter CTC/DEN 12097AYWD4 we were able to get the best value from each litter and were able to wean early without experiencing post-weaning weight loss. Pigs made a quick start once weaned and maintained baby pig bloom when they were transitioned to the starter. We also liked the fact that pigs stayed hydrated and had good stool condition. Exceptional feed consumption was observed, and pigs achieved a full belly and body look that gave them a very good shape which was advantageous when viewed by prospects. With ShowTec Prestarter CTC/DEN 12097AYWD4 we were able to sell pigs at an early stage."

**Aaron Cain**  
Grand Champion  
4-H Commercial  
Gilt  
2012 Iowa  
State Fair

"We've observed MoorMan's ShowTec Developer Hi Fat 18 LN 18007BPF gave our show pigs a growth and performance kick, along with a fuller look while maintaining their shape. Consumption is good, and hair coat is great. It's an easy product for our customers to use."

**Dylan Cain**  
Grand Champion  
Purebred Gilt  
2012 American  
Royal

"Since starting MoorFlex we have seen continued benefits in structural health and palatability, and saw an increase in consumption. We have seen nothing but positives with this product, and it certainly has been an advantage going to competitive shows. It's a must-use additive to reach maximum performance."
