

# **Cellarator<sup>®</sup>** **TURBO** *Paste*

Cellarator<sup>®</sup> Turbo is a unique 3-in-1, fast-acting, oral paste that combines the power of Cell Rate<sup>®</sup> with probiotics, electrolytes, and vitamin E. It can be used for livestock, horses, deer, elk and rabbits of any age or type, especially advantageous for animals under stress, such as injury/illness/rehabilitation, transportation, performance, or breeding.

## STRESSFUL TIMES REQUIRE A TURBO BOOST!

- Supplies Cell Rate<sup>®</sup>, a source of nucleotides that may help nourish natural body processes involved in stress, immunity and production
- Loaded with probiotics which supports digestive function by providing beneficial microorganisms to populate the gastrointestinal tract
- Contains electrolytes which help deter dehydration
- Includes vitamin E which helps protect the body from oxidative damage and is vital to immune system functioning; may be especially important for stressed or performance animals
