

Your Edge. Our Expertise. Advancing Animal Nutrition.

What can
we help you
solve today?

Our Innovative Portfolio

ADM Animal Nutrition is a leading manufacturing, nutrition and marketing business offering a wide range of leading-edge products for the animal nutrition market. Known as a global leader in amino acids, ADM also offers high-quality feed products, supplements, premixes, custom ingredient blends and specialty feed ingredients to aid in optimizing animal health and nutrition goals.

Specialty Ingredients

ADM Animal Nutrition™ provides innovative ingredient solutions and services to optimize performance, profitability and efficiency opportunities for animal feed, aquaculture and pet food producers.

Amino Acids:

As a global leader in amino acids, our cost-effective solutions help you supplement feedstuffs low or deficient in certain amino acids. Our feed-grade aminos—including lysine, threonine, tryptophan, isoleucine and valine—play a significant role in formulating balanced diets.

ADM Ingredients:

Our specialty ingredients help optimize productivity while maximizing profitability. See our strong portfolio of specialty ingredients giving livestock producers and feed, aquaculture and pet food manufacturers the flexibility and efficiencies needed to succeed.

Premixes & Blending

From custom blending services to developing innovative functional products to nutritional and technical expertise, see how our Premix team gives producers and manufacturers the resources, flexibility and efficiencies needed to succeed.

Feed

See how we're working hard to help you meet nutritional needs and maintain healthy animals (livestock, equine, fish and specialty animals), while advancing the production of meat, milk and eggs.
