

Pen Pals® Poultry Scratch Block

Product Number
70741AAA

A Supplement for Poultry (Adult Broilers and Layers)
and for Game Birds

Product Positioning

Poultry Scratch Block is designed to be fed free-choice as a supplement to the ration for adult broilers, layers, and game birds. It is ideal for supplementing the diet of confined, adult birds.

Product Description

Poultry Scratch Block is comprised of wholesome, high-quality grains (coarsely cracked corn, whole sorghum milo, whole wheat) and balanced sources of minerals and vitamins.

Features

Block form, free-choice feeding

High-quality grains

No animal-sourced ingredients

Balanced minerals

Vitamins

Benefits

Facilitates natural feeding and pecking behavior, helping alleviate boredom in confined birds by keeping birds active; block form entices more active, natural behavior of birds; and free-choice offering enables all birds access to the block.

Wholesome source of energy to fuel production of meat and eggs.

Appeals to poultry enthusiasts who may prefer to raise chickens without the use of animal-sourced ingredients.

Ensures ratio of minerals is balanced for optimum production and health

Supplies vitamins A, D, and E, plus B-complex vitamins needed for many metabolic functions, growth, production, and health.

Product form/packing:

- 25-lb block form (70741AAA6A)
