

PROPLEX[®] T

Dried Fermentation Biomass

Product Description

PROPLEX T is a high-quality, flowable protein ingredient suitable for the feed industry. It provides high levels of essential amino acids, making it well suited for swine, aquaculture, and poultry diets. Research has shown the amino acids in PROPLEX T are highly digestible for swine and aqua. This product does not contain animal proteins and has application for use in all-vegetarian diets.

Features

- Highly digestible source of amino acids with excellent amino acid profile
- Provides added flexibility in ration formulation due to lower inclusion rate to achieve targeted levels of critical amino acids and complements many other protein sources
- Consistent quality and supply with entire process manufactured and controlled by ADM in the USA

Ingredients

Product No. 035650—Dried fermentation biomass
Product No. 035655—Dried fermentation biomass, soybean oil

AAFCO Definition—36.15 Dried Fermentation Biomass

Guaranteed Analysis*

Crude protein, min.	74.0%
Crude fat, min.	4.0%
Moisture, max.	11.0%

*Based on USA regulatory guidelines.

Physical Characteristics

Dark brown, flowable meal
Bulk density 52.07 lb/ft³ (0.83 g/cm³)

Usage Rate

This product is intended for the further manufacture of animal and aqua feeds as a source of protein. Contact your ADM representative for usage rate tailored to your specific operation.

- **Swine:** Has been successfully used in nursery diets during the starter phase at up to 4% of the diet
- **Aquaculture:** Has been shown to successfully replace other protein sources, such as fish meal, in diets for fish (up to 5% of the diet for many species) and shrimp (up to 5% of the diet)

Storage & Handling

Store in unopened, original packaging in cool, dry area. Shelf life is two years from date of manufacture.
